Patent and Trademark Office; U.S. DEPARTMENT OF COMMERCE

Under the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number.

REISSUE APPLICATION DECLARATION BY THE ASSIGNEE		Docket Number (Optional) 11899.0175.REUS07
<p>I hereby declare that: My residence, post office address and citizenship are stated below next to my name. I am authorized to act on behalf of the following company: <u>Monsanto Technology LLC</u> and the title of my position with said company is: <u>Intellectual Property Counsel</u> The entire title to the patent identified below is vested in said company.</p>		
Name of Patentee(s): <u>Gerard F. Barry, Ganesh M. Kishore, Stephen R. Padgett and William C. Stallings</u>		
Patent Number <u>U.S. Patent No. 5,633,435</u>	Date Patent Issued <u>May 27, 1997</u>	
Title of Invention <u>Glyphosate-Tolerant 5-Enolpyruvylshikimate-3-Phosphate Synthases</u>		
<p>I believe said patentee(s) to be the original, first and sole inventor of the subject matter which is described and claimed in said patent, for which a reissue patent is sought on the invention entitled <u>Glyphosate-Tolerant 5-Enolpyruvylshikimate-3-Phosphate Synthases</u> the specification of which</p> <p><input type="checkbox"/> is attached hereto. <input checked="" type="checkbox"/> was filed on July 18, 2003 as reissue application number 10/622,201 and was amended on March 2, April 25, and July 6, 2005.</p> <p>I have reviewed and understand the contents of the above identified specification, including the claims, as amended by any amendment referred to above.</p> <p>I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.</p> <p>I verily believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below.</p> <p><input type="checkbox"/> by reason of a defective specification or drawing. <input type="checkbox"/> by reason of the patentee claiming more or less than he had the right to claim in the patent. <input checked="" type="checkbox"/> by reason of other errors.</p> <p>At least one error upon which reissue is based is described as follows:</p> <p>U.S. Patent No. 5,633,435 included claims that grouped together subject matter first disclosed in different parent applications and, therefore, having different effective filing dates. For example, issued claim 7 grouped together SEQ ID NOS. 2, 4, 6, 41 and 43. SEQ ID NOS. 2, 4 and 6 were disclosed in the earliest parent application Serial No. 07/576,537, filed August 31, 1990, whereas SEQ ID NOS. 41 and 43 were first disclosed in parent application Serial No. 08/306,063, filed September 13, 1994. In order to correct this error, claims were amended so that SEQ ID NOS. 2, 4 and 6 were claimed separately from SEQ ID NOS. 41 and 43, thus ensuring that each SEQ ID NO. obtains the benefit of its earliest effective filing date.</p> <p>Although identification of only one error is required, claims in this reissue application are also amended to correct the classification of certain sequences as DNA sequences, and not amino acid sequences.</p> <p>All errors corrected in this reissue application up to the time of filing of this declaration arose without any deceptive intention on the part of the applicant.</p>
